

IT BEGINS HERE.....WITH OUR WORKSHOPS AND OUR GAMES!

What is a Learning WHEELS campus workshop?

Campus Learning WHEELS workshops are skills-based, hands-on, fun, interactive sessions in the content areas of science, math, and reading for K-8 teachers that are held on a campus or school facility. A Learning WHEELS presenter comes to you! Every workshop includes research on the best teaching practices, intervention strategies for struggling students, application and questioning techniques, integrated curriculum, and differentiated instruction.

Who should attend a Learning WHEELS workshop?

Learning WHEELS workshops are designed to engage all teachers. New teachers walk away with tips, tools, organization and classroom management strategies that will help make teaching effective and learning fun and meaningful. Veteran teachers will be re-energized and will learn different techniques to enhance learning. Every teacher leaves with his/her choice of educational resources and games that are designed especially for their grade level and are classroom ready for immediate use.

What is the price of a Learning WHEELS workshop?

The price of a campus Learning WHEELS workshop is determined by how many teachers attend and how many ready-made games and products each teacher receives. This is a flat rate price and includes a handout for each teacher, the presenter's fees, and the presenter's expenses. Payment can be made before, during, or after a workshop. Learning WHEELS has a price sheet guideline, but will work within your budget to bring a workshop to your campus! Our workshops are often funded with grants and through Title 1, Title II, and Title V funds.

What days are available for a Learning WHEELS workshop?

Learning WHEELS workshops can be held on any day/days, except Sunday, as long as the date requested is available.

What is a Learning WHEELS hotel workshop?

Learning WHEELS hotel workshops are skills-based, hands-on, fun, interactive sessions in the content areas of science, math, and reading for K-8 teachers that are held at a specified hotel location. Learning WHEELS schedules one or more of our content area workshops to be held at various hotel locations throughout the year. Teachers come to us! The fees are per teacher/per workshop and are based on the amount of games Learning WHEELS includes in the workshop. Some of the recent hotel workshop prices per teacher/per workshop have been \$175, \$200, and \$150.

Is Learning WHEELS a sole-source company, a woman-owned business, and a member of HUB?

Yes! Since Learning WHEELS is a sole-source company, it is usually quicker and easier to get approval to attend a workshop and purchase games. Being a woman-owned business and a member of HUB provides greater resources for you and for Learning WHEELS.

What kinds of games and products are available from Learning WHEELS?

Learning WHEELS offers high quality, ready-made games for K-8 grades in the subject areas of reading/language arts, math, and science.

How can I order Learning WHEELS games and products?

Learning WHEELS games and products are shown in our catalog and at our online store, www.learningwheels.com. Our games can be bought directly online. Order forms (found online and in our catalogs) can also be faxed to us at 972-437-7866, or emailed to us at info@learningwheels.com. We can even take an order over the phone at 972-437-7888. Orders are usually delivered within 5-7 business days. Contact us or visit our Website to order free catalogs.
